Computer Science Student

(+92) 3001324336 | faheemakbar.cs@gmail.com | linkedin.com/in/iamfaheemakbar | Karachi, Sindh, Pakistan

SUMMARY

Dedicated Computer Science undergraduate at Sukkur IBA University with a CGPA of 2.8, specializing in software and web development. Proven ability to thrive in collaborative, fast-paced environments with hands-on experience in full-stack development, AI-powered applications, and community engagement. Eager to leverage technical expertise and leadership skills in a challenging software development role.

EXPERIENCE

Student Executive Member

Sukkur IBA University

01/2023 – Present

Sukkur, Pakistan

- Represented the CS Society as an executive member, coordinating events and initiatives that boosted student engagement in programming and technology by an estimated 30%.
- Competed in SIBAFEST Speed Programming competition, gaining international exposure and ranking among top performers in algorithm coding challenges.
- Mentored junior students in programming concepts, contributing to a collaborative academic environment and improving peer performance across core CS courses.

Social Media Manager

Artificial Intelligence Community of Pakistan (Remote)

2022 – 2023

Pakistan

- Managed and grew LinkedIn, Instagram, and Facebook platforms for the AI Community of Pakistan, increasing audience engagement through consistent, targeted content strategies.
- Executed advertising campaigns on Twitter (X), Instagram, and Facebook for A47 Memecoin, successfully expanding brand reach within the Web3 and crypto community.
- Collaborated remotely with Averonx's Marketing and Promotion team, supporting digital outreach initiatives that contributed to measurable brand growth across multiple channels.

PROJECTS

Law Assistant – RAG-Powered Legal Platform

Python, Flask, HTML5, CSS3, JavaScript, RAG / AI Integration

- Engineered a “Quick Legal Question” interface leveraging Retrieval-Augmented Generation (RAG) to deliver instant, context-aware legal advice to end users.
- Built a “Document Analyzer” module capable of parsing and summarizing complex legal texts, reducing manual document review time significantly.
- Designed and deployed a full-stack Flask web application with a responsive front-end, integrating AI pipelines seamlessly into an intuitive user experience.

Full-Stack Travel Booking Platform

HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed a responsive travel web application supporting browsing, listing, and booking of travel stays and services, with full user authentication and session management.
- Architected a RESTful backend API using Node.js and Express.js, integrating MongoDB for dynamic content management and persistent data storage.
- Implemented end-to-end features including user registration, login, and dynamic listing management, delivering a polished, production-ready booking experience.

EDUCATION

Bachelor of Science in Computer Science

Sukkur Institute of Business Administration University

CGPA: 2.8 | Ambitious tech student driven by innovation.

01/2023 – 06/2027

Sukkur, Sindh, Pakistan

F.Sc. Pre-Engineering

Board of Intermediate and Secondary Education Larkana

05/2020 – 06/2022

Larkana, Sindh, Pakistan

Certificate in Computer

Government Computer Training Centre Kashmor

| Achieved 2nd position in batch for Certificate in Computer

08/2021 – 12/2021

Kashmore, Sindh, Pakistan

TECHNICAL SKILLS

- **Languages:** Java, Python, C, C++, JavaScript, HTML5, CSS3, SQL
- **Frameworks & Libraries:** Node.js, Express.js, Flask
- **Databases & Tools:** MongoDB, MySQL, GitHub, Git, MS Office Suite
- **Core Concepts:** OOP, Data Structures & Algorithms, REST APIs, RAG / AI Integration, SDLC
- **Soft Skills:** Critical Thinking, Teamwork, Communication, Time Management, Adaptability
- **Spoken Languages:** English (Native), Urdu (Native), Sindhi (Native)
